## TWO CONVENTIONS HELD SATURDAY

Republicans and Democrats Hold Mass  
Meetings, Resolute and Instruct.  
Hooper for Senate, Overall  
for Gov. Burnett Floater

The republicans of the county held a mass convention in the court house Saturday at one o'clock. A. L. Garrison was chosen chairman and S. C. Bishop secretary. The usual committees on resolutions and delegation were appointed and made their reports.

The resolutions re-affirmed the allegiance of the party in the county to the principles of the national party, condemned the democratic party in both state and nation for the course they have pursued.

Former Gov. B. W. Hooper was endorsed for the United States senate and John W. Overall for governor. As there may be other candidates in the field for the gubernatorial nomination and it might not prove best to adhere to Mr. Overall under all conditions, there was a qualifying clause added which read: "to vote for him so long as it may seem best to them and the republican party of the state to do so."

Senator Newell Sanders and John J. Gore were instructed for as delegates to the National convention, that meets in Chicago in May. While the state is allowed four delegates at large it was deemed best not to bind this county to more than the two gentlemen named and await developments as to the other two.

As delegates to the National convention from this congressional district, J. J. Hagan, of Morgan county, and W. A. Smith, of Macon county, were favored.

Judge G. P. Burnett, of this county, and Robert Thompson, of Wilson county, received the instructions for State Committee, and J. Q. McDonald, of Pickett county, was endorsed as elector from this district.

John J. Gore was endorsed for National Committeeman and J. Will Taylor, of Campbell county, for State Chairman. The convention also instructed for Judge G. P. Burnett for floater from this eleventh district.

The committee on delegation brought in a list of nearly 75 names of known republicans over the county and closed their report with the further declaration of "and all other known republicans of said county." The list of names is too lengthy for publication and is rendered unnecessary by the final declaration of the committee. The delegates named are to act at the Floterial, Senatorial and Congressional conventions when and where called.

The delegates were bound by the unit rule in all their voting at the several conventions.

### COUNTY COMMITTEE.

The county executive committee was reorganized with A. L. Garrison, chairman, and S. C. Bishop, secretary. Owing to the fact at times there has been some trouble in getting together a majority of the committee to form a quorum for business, it was decreed by the convention that nine members shall constitute a quorum. Following are the members of the re-organized committee:

Sampson DeRosset, G. A. Smith, Jere Morrow, Jas. Dayton, Theodore Hedgecoth, J. L. Anderson, Clay Selts, J. D. Wyatt, Francis Myers, Sam Nelson, A. L. Potter, F. L. Hamby, R. F. Rose, H. C. Hamby, J. W. Hayes, J. T. Ashburn, John Manning, M. S. Bristol, B. L. Garrison, J. L. Brown, J. A. Hale, J. S. Wyatt.

### DEMOCRATIC CONVENTION.

Following the adjournment of the republican convention the democrats met and elected Davidson Southard chairman and Litton Thurman secretary.

The resolutions contained a very strong endorsement of the democratic party in the nation and state and especially the foreign policy of President Woodrow Wilson. They declared that Gov. T. C. Kye had kept every pledge to his party and the people and took a sting at those political bosses who would oppose his nomination and election.

Congressman Cordell Hull was com-

mended in the highest manner as being one of the most able congressmen in the whole country, commended his loyalty to the president, endorsed his every official act and demanded his reelection.

Endorsed the re-election of H. M. McGinnis, of Smith county, and Edward Albright, of Sumner county, as state committeemen from this district.

C. H. Rickman, of Putnam county, was instructed for as delegate to the national convention. The second name was not mentioned for national delegate.

The record of Senator T. E. Wilson was commended very highly and the county was instructed to cast its vote for him in convention should he again seek the nomination.

Only one person was instructed for as delegate to the democratic national convention: Hon. T. R. Preston, of Chattanooga.

Railroad Commissioner B. A. Enloe was turned down by silence and the convention instructed for Thomas Walsh for the place now held by Mr. Enloe.

Delegates to all conventions will be governed by the unit rule and no proxies will be allowed.

A large number of delegates were named from over the county and it was ordered that all persons attending the convention should be considered delegates.

### COUNTY COMMITTEE.

The county committee was re-organized by electing Volner Hamby chairman and L. T. Thurman, secretary. We were unable to secure a list of the committee.

### CLEAN-UP WEEK COMING.

City Council Will Likely Take Action to That End Friday Night.

For some days the question of Clean-up Day has agitated the minds of several of our most energetic civic people with the view of having every person in town rid their premises of the accumulation of rubbish that is usual each winter.

The matter was brought to the attention of Mayor J. B. Johnson, who stated that he was most heartily in favor of such a move and that he would bring it before the board at their regular meeting Friday night and that he felt quite sure some action would be taken that would prove amply effective. Just what that action will be cannot be known now, but it is possible that the city authorities may prefer to haul away all rubbish free for those who have it ready by a certain time and who will notify the city authorities. Failure on the part of any person to avail himself of the chance to get his rubbish carted away free may subject them to more energetic measures by the city.

### CITY DUMP.

Since land is now becoming so valuable in close proximity to town, it might be a wise thing for the city to establish a City Dump at some convenient point so that all refuse may be put in one place and the property of non-residents generally be not littered with such rubbish.

### KILL THE RATS.

There is also a movement on foot to exterminate the rats and try to make of Crossville a ratless town. Some parties have recently sent away for a new rat bane that it is claimed petrifies the rats after death and prevents odor. If it proves what is claimed for it the new preparation will be used extensively by our people in the hope of utterly exterminating the rodents that infest our town. Our people will await developments with much interest.

## COMPLETE RETURNS.

Sheriff Toney Leads Hassler by  
Votes and Patton Wins Over  
Fynn by 73.

The canvassing board met Thursday of last week to canvass the returns of the republican primary election held March 25 and announced the finding. At the time the board met all precincts where elections were held, except Millstone, were in the hands of the committee. It was learned that no election was held at Pyrd Branch, but that several from that precinct went to Daysville and voted. The Millstone vote was received by the secretary Friday morning following the canvass by the committee. As only nine votes were cast there their addition to the report of the canvassing board would make no change in final results, and they were entered by the secretary. The vote by precincts follows:
